

## ENERGY & POWER CONSUMPTION

### ► CONTROLLED POWER CONSUMPTION

- The boiler only heats the water when the dryer is not in operation
- The energy saving dryer reduces power consumption
- LED lights use less energy than standard lighting

The launderette only requires 13KW (compared to 30KW for a classical washing machine).

A performance unrivalled by the competition!

### ► LOW INSTALLATION COST

- The launderette is delivered fully assembled, cabled and can be installed in half a day
- Thinner power cables (due to low power), thus cheaper

### ► ECO-FRIENDLY WASHING LIQUID

- The built-in washing liquid pump provides the ideal quantity for each washing cycle and reduces waste.

- The highly concentrated washing liquid, free of phosphates, colouring agents and preservatives, meets the french ECOCERT standard.

Ecological, effective low-temperature and without allergen, this washing naturally perfumes the linen.

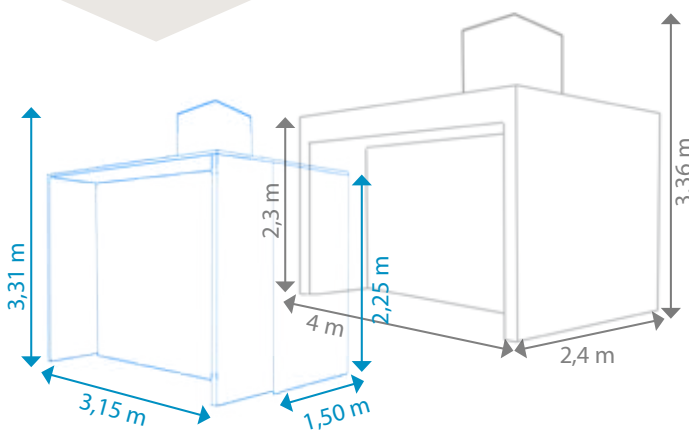

# HEALTH & SAFETY

The launderettes comply with **CE** standards and the new decree N° 2012-412 practical since the 1<sup>st</sup> July 2012 :

- The washing cycle cannot be started if the door is not properly shut
  - The doors cannot be opened during a washing cycle but can be opened during the drying cycle
  - **CE** conformity declaration
  - Compulsory display of instructions for safe use and supervision of children
- The launderette is in compliance with the standards of fixation on the ground bound to the zones of wind.

# SPECIFICATIONS

## KIOSK

Aluminium Epoxy paint

## PAYMENT STATION

Reinforced station with coin and bill acceptor and card reader, contactless payment, SMS warning

## LEDS LIGHTING

Ignition by crepuscular cells

## DIMENSIONS

Classic version : Floor space 9,60 m<sup>2</sup>

Compact version : Floor space 4,725 m<sup>2</sup>

## WASH 8 KG

- ▶ 5 programs
- ▶ Mono 230 V (Phase+ Neutral + Earth)
- ▶ High spin 400G
- ▶ Equipped with a washing liquid pump
- ▶ Weight : 185 kg
- ▶ Maximum power : 1,2KW
- ▶ Protection : 10A
- ▶ Connected to cold and hot water

## WASH 18 KG

- ▶ 5 programs
- ▶ Mono 230 V (Phase+ Neutral + Earth)
- ▶ High spin speed 400G
- ▶ Equipped with a washing liquid pump
- ▶ Weight : 380 kg
- ▶ Maximum power : 2,2KW

# REVOLUTION

## LAUNDERETTE

DISCOVER THE WASHING REVOLUTION

**REVOLUTION**  
LAUNDERETTE

**DESIGN &  
PERFORMANCES**

## ELEGANT & ATTRACTIVE

### ► ELEGANCE

Elegant appearance due to its sleek design and grey/silver colour.

### ► ATTRACTION

The Revolution attracts attention thanks to its luminous cubic top sign, signage across the full height of the machine and LED lighting

## PERFORMANCE & SIMPLICITY

24  
7

### ► 100% SELF SERVICE

An external open launderette available 24/7.

18 KG

### ► PROFESSIONAL WASHING MACHINES

Equipped with high capacity washing machines (8 and 18kg) this launderette is ideal for washing large or heavy loads such as duvets, blankets and pillows... in a record time of 30 minutes per washing cycle.

### ► WASHING LIQUID PROVIDED

As an added service to the customer, a built-in pump releases a specially designed neutral and mild washing liquid with a pleasant fragrance. This also guarantees the machines are kept clean and tidy.

### ► DISABLED ACCESS

Accessibility for our disabled customers has been a priority in the design of this launderette from the start. The machines and touchpads are located at the legally required height, thus combining a beautiful design with easy access for our customers

# PERFORMANCE & SIMPLICITY (SUITE)

## ► PAYMENT STATION WITH SERVICES

Thanks to the touch screen, the payment station is easy to use by following the on-screen instructions.

## ► CREDIT CARD PAYMENT SERVICE

Besides the coin and bill acceptor, the credit card payment is available as an option. It is a service which facilitates the use of the launderette and thus increases its use.

## ► SMS SERVICE

Customers can enter their mobile number at the point of payment and a SMS will be sent to alert them 5 minutes before the end of the cycle. This free service is convenient for customers who might use this waiting time for shopping.

A QUALITY WASH,  
AN ECO-FRIENDLY WASHING LIQUID,  
A CONVENIENT & ECONOMICAL SERVICE :  
LONG LIVE THE REVOLUTION !
