UNIVERSAL BOOTH BY S+ARCK®

Intuitive & accessible for everyone

Developed in co-operation with CRIDDEV, the French research centre for integration in living spaces, the Universal Photobooth meets the high usage quality criteria for all kinds of customers whatever their physical, sensory, psychological, mental, cognitive, cultural or age differences.

- Wheelchair accessible: the seat can be easily folded away, 1kg upwards and 2.5kg downwards.
- Easy transfer from a wheelchair onto the seat thanks to integrated support bars
- Anti-slip floor
- Step for people of small stature and children
- Inclined keypad with large buttons of different colours
- Automatic camera adjustment
- Vocal assistance for visually impaired customers
- Written instructions and demonstration video for hearing impaired customers
- Amplifier for hearing aid loops
- Guidance software for the customer
